Some things that might help you when reading this table.

DIS = Disapproved; Plans must be corrected and resubmitted

X = Not required; The particular department of the city does not have to review the plans

~ = The reviewer has not yet signed off on the plans

Once each department has reviewed and approved the plans, the reviewer will place their initials on the board.

If you are wondering about the status of a set of plans, you may click in the column of a department to send the main plan reviewer of that department an email.

The table will be updated every Friday after each department has reviewed the plans.
